ABOUT ME

I am a graduate of SMK Plus Pelita Nusantara, majoring in Software Engineering (RPL), with a strong interest in Frontend Development and UI/UX Design. I am currently continuing my studies to further develop my knowledge and professional skills.

I am a reliable, detail-oriented individual who can work both independently and collaboratively. I also have an interest in management and data management, with the ability to organize, analyze data, and support effective decision-making.

I am motivated to grow, take on responsibilities, and contribute to both technical and managerial roles within a company.

EXPERIENCE

(2023 - 2024)
